

PLANTING HAPPINESS

Product Catalogue 2023

Why East West Planters?

East West Planters is an Indian brand, dedicated to design, develop and manufacture high quality Fiber Reinforced Plastic (FRP) planters to meet your every need. We are inspired by everything around us. Both, conventional and unusual shapes make us curious and stimulate our creativity. Our planters with their striking shapes elevate the look of your space, while their geometric patterns blend in easily with the ambiance. Each of our planters defies the norms of elegance and reshapes the sense of aesthetics. With their amiable aura, their presence fills up your space with renewed energy and freshness.

Every planter is designed with the zeal to revolutionize the concept of planters, they are the sight to behold wherever they are placed. Turn over to delight your senses with the shapes that make your space classy and different! To give you a complete overview of all the products we produce, we present to you our catalogue.
